### COMMUNIQUE

The Vice-Chancellor of The University of Bamenda hereby informs the University Community and the General Public that the newly approved postgraduate programmes on Cybersecurity and Cryptology will be operational as from the 2023/2024 academic year.

The programmes consist of a PhD research in Cybersecurity and Cryptology (3years), a Professional Master in Cybersecurity (2 years), an Academic Master in Cybersecurity and Cryptology (2 years) in three specialties: Applied Cryptology and Cybersecurity; Embedded Systems Security and Cryptology; Algebra, Coding Theory, Cryptology and Cybersecurity.

As part of the partnership with the *Université Libre de Bruxelles*, Belgium, a number of scholarships are available for the 2023/2024 academic year:

- Professional Master in Cybersecurity: 25 Cameroonians and 02 other African students
- Academic Master in Cybersecurity and Cryptology: 08 Cameroonians and 02 other African Students
- Short term Pre-doctoral studies of 6 months: 06 candidates
- Short terms research visit (PhD or PostDoc) from 1 to 6 months: 04 candidates

Further details, including the application information, are available on the programme's website at <https://www.UBaCyberCryptoCenter.cm>, and submission of application files runs from the 19<sup>th</sup> of July 2023 to the 10<sup>th</sup> of September 2023 for Cameroonians and other African candidates.

Admissions shall be based on the evaluation of the candidate's file followed by an interview.
